Governor,

Thanks, I am clear on your position. I just talked to MacKinnon and confirmed that Sharon would make contact with the Mayor's office. Ramseur was waiting to hear from MacKinnon so John will let the Mayor's office know that they need to work with us.

Sharon, when you get a draft from the Mayor's office, please let me know. Thanks.

Here's my take: I agreed with Begich on this one when, as a member of the public and a former Mayor, I recognized his attempts to keep local control. I'm with him. I don't think it does us any harm to admit that- I did not agree with Stevens on trying to get on the board to tell the local community what they could or couldn't do with $ and local priorities.

I know the arguments on both sides and the need for state govt accountability, but I agree with the court on this, and again had agreed with Begich making a stink about Stevens' stubborness/insistence on this. I have to be honest with you so you know where I'm coming from if/when I'm asked publicly about it. I intend for us to join Begich's admin in their statement and I do not want to appeal... Sharon can get that word to Ramseur.

I know, I know- we dont want to give marky mark a victory here, but I can't support the previous admin's (and Stevens') actions on the AMATS issue.

Thanks!

Governor,

A while back when we met with Mayor Begich (not the last time in Anchorage but the time prior), he raise the issue of a lawsuit between the State and the Municipality. The lawsuit is regarding the membership of the Anchorage Metropolitan Area Transportation Solutions (AMATS). You may recall the Ben Stevens legislation that started a legal battle as well as a political conflict between Ben and the Mayor. Department of Law Privileged or Pe Privileged or Personal but yesterday the courts ruled in what appears to be against the State.

I have included an email from David Ramseur below requesting we join them in a statement. I am sure it will be just as friendly as the last time they requested we join a press release.

John:

I trust you heard about the decision in our long-standing AMATS case, which as we read it, found for the city (attached). We plan to issue a news release early next week on this and since it was a "friendly" lawsuit, would certainly welcome a quote from a state official such as you or the commissioner. Let us know if you want to join up.

Thanks - David
